b. PZC2025-10 – the Adelante Center for Entrepreneurship – 1606 Sheridan Road - Special Use Permit

Chairman Jackson reintroduced the topic to the group. Director Wegrzyn provided a brief overview and presentation of the petition and the basis for the petitioner's request. Community Resource Centers are permitted as a Special Use within the B2 zoning district. Director Wegrzyn also provided commentary on the basis for the prior continuation request. Additional questions were sent to the petitioner for explanation and comment. The petitioner's responses were provided in the meeting agenda packet for review. Director Wegrzyn confirmed that the petitioner had responded to all outstanding items.

There was a brief discussion about the payment system used and how this varies between the Adelante Center's operations. This would be a free food pantry. Commissioner Jones asked that the petitioner provide a brief presentation to refresh everyone. Mr. Ken Barber presented and explained their 8-hub ecosystem which includes the food pantry and their marketplace in Waukegan, summer programming for students, and a greenhouse business. Consultants had been hired to help develop their model and plans.

GeanNeal Jackson asked questions about the petitioner's background, the center's workforce, and current connections with other agencies. Mr. Barber responded, noting strong partnerships with other organizations and regional farms.

Chairman Jackson asked if there was anyone in the public who desired to speak in favor of the petition. Leon Rockingham Jr. asked a series of questions related to traffic management and how the petitioner intends to avoid some of the vehicle and pedestrian backups observed at other food pantry locations in town. Mr. Barber responded to note that their application-based system schedules pickup windows so that only ten picks up occur in an hour. Individuals would not be turned down if they came late. Mr. Barber expressed that the parking on site would accommodate the traffic generated. Commissioner Carballido also inquired about the maximum capacity of the center and how this might impact traffic. The center is staffed by three employees plus up to ten volunteers per day. GeanNell Jackson asked who the organization's benefactors were. Mr. Barber noted several. Commissioner Carballido asked why this site and North Chicago was chosen. Mr. Barber noted that the consultant's study showed what would make a good site and Mr. Barber had previously looked at this property before. Otherwise, the center does not need to be in North Chicago specifically.

Chairman Jackson asked if any members of the public desired to speak in opposition to or neutrally about the petition. There were no comments.

**Motion** by P. Carballido, seconded by V. Gibbs to approve PZC2024-08 a Special Use Permit petition by the Adelante Center for Entrepreneurship to operate a Community Resource Center at 1606 Sheridan Road, subject to the following conditions:

- (1) no accessory structures will be installed outside of the existing building envelope
