**I. DISCUSSION OF A REQUEST FOR RATE INCREASE (ANCEL GLINK LEGAL SERVICES):**

Alderman Allen noted that there hadn't been a raise since 2022. Chief of Staff Jackson stated that there has been a reduction in billable hours. He had directed staff to present information to him first before approaching the attorneys. There were many passthrough dollars; as example, there is an escrow account to pay back monies for attorney fees when contractors need to pay. They started with North Chicago in 2016, the last rate increase was 2021. The compound CPI increase seemed reasonable.

Alderman Evans did not feel there was a need for an increase. He felt there should be increase salaries of the Mayor, City Clerk and Treasurer. The Aldermen's spending budget should also be increased. There were 10 elected officials obligated to live in the City and pay tax dollars back into the City. He was not suggesting that other employees weren't worthy of a raise. He noted that when taxes increase those elected officials are affected also. If the aldermen did not was a raise in pay, their budgets for community events should be increased. The Mayor, City Clerk and Treasurer offices should be considered for whoever is in those positions.

Alderman Evans suggested also reviewing other law firms. Alderman Jackson said it had been 4 years since the raise and there was no one that would stay on a job without a raise for that long. They were entitled to some form of increase. He was in favor of an increase of the proposed rate but not the passthrough rate.

**I. DISCUSSION OF A RESIDENTIAL PERMIT PARKING PROGRAM:**

Chief of Staff Greg Jackson explained that the proposal was for more dense areas of the City. There were also drawbacks. Identifying and assessing the area; get the community opinion. There was cost associated also. He asked the Council for direction.

Alderman Coleman said the ordinance needed to be enforced. There was much illegal parking. Attorney Simon said the ordinance allows for booting the vehicle for too many unpaid parking tickets. Alderman Allen was not in favor of booting because of liability. Alderman Allen did not agree with allowing permit parking.

Chief Jackson suggested that other solutions could be reviewed. Alderman Evans said the cars currently needed to be ticketed; 2 a.m.-6 a.m. is no parking and should not be changed.

Alderman Wray noted there was a party in the 5<sup>th</sup> Ward and realized the issue parking on the street could cause for emergency personnel. Alderman Coleman referred to inoperable vehicles and eyesores. Chief Jackson said there were reports of inoperable vehicles; took place in more in 1<sup>st</sup> and 2<sup>nd</sup> Ward.

Alderman Jackson asked for suggestion on the next steps. Alderman Evans said there was an ordinance already in place; should not change. Alderman Brooks clarified that the issue was more cars than space; where do they move their cars 2 a.m.-6 a.m. what is the alternative?

Alderman Murphy asked if there was possibility of a pilot area, a certain area be permitted to assess if it could work. Chief Jackson said it could be a pilot project; there would be a spill over; other areas will attempt the same. City Clerk Collins asked if there was a limit for the number of cars allowed per household that would be allowed to park on the street. She noted that if there was no limit, people may have to park far away.

Treasurer Wyatt suggested a ticket be issued for cars allowed. Alderman Murphy said there would be an expense to permitted parking (costs for tickets, signs etc.). Chief Jackson said the cost to purchase the sticker would have to be worth printing them. Alderman Wray said something had to be done; asked Chief of Staff to come up with an alternative.

Alderman Coleman suggested that aldermen be allotted 10 parking permits because they know the various situations. Chief of Staff is concerned that constituents would disagree with aldermen's approval. Alderman Evans asked that speedbumps should be installed.

Alderman Coleman disconnected from Zoom.

Consensus: Allen – stop, Evans – stop, Brooks – stop, Murphy would like alternative - stop, Wray – go with majority, Coleman – left meeting
