PUBLIC HEARING

March 15, 2021

5:30 p.m.

1850 Lewis Avenue

North Chicago, IL 60064

Held Virtually via Zoom

- I. Preliminary Environmental Impact Determination for the 16th Street and Kemble Avenue Water Transmission Main Project**
- II. ADJOURNMENT**

Notice of Public Hearing

The City of North Chicago intends to submit a loan application to the Illinois Environmental Protection Agency seeking funds to construct water transmission main. Section 662.330 of the Illinois Procedures for Issuing Loans from the Public Water Supply Revolving Loan Program requires that the IEPA conduct an assessment of the environmental impacts of the proposed drinking water project to be funded with loans. This review was carried out in conjunction with the State's review of the City's project plan. Prior to final approval of the plan, the public's comments are sought regarding environmental impacts of the proposed project.

The IEPA has reviewed the project plan and has determined the project to be technically sound and cost-effective. Unless new information gained from the public causes a reconsideration, the Agency will approve the project plan at the close of the public comment period.

The City is making available for public inspection and comments a Project Summary and Preliminary Environmental Impacts Determination (PEID). That document is available for public inspection online at the City of North Chicago website, www.northchicago.org.

A public hearing will be held for the purpose of receiving comments on the Project Summary and Preliminary Environmental Impacts Determination on March 15th, 2021 at 5:30pm. The virtual public hearing will be held using Zoom. Written comments on the Project Summary and Preliminary Environmental Impacts Determination may be submitted at any time up to and including March 25th, 2021. Written comments may be submitted by mail or email to either of the following:
